

Maths

Through a range of activities and investigations we will be using and applying maths skills and knowledge, including:
Place value (4 digit numbers),
Addition and Subtraction,
Multiplication and Division,
Fractions, Time,
Roman Numerals, Data Handling,
Measure, Shape and Coordinates.

Science

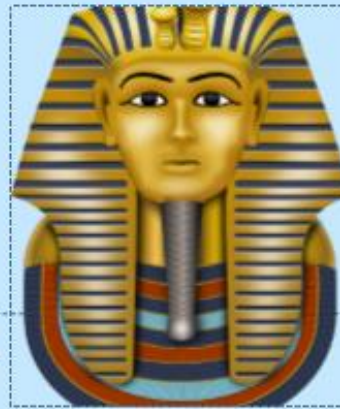

We will be studying the human digestive system and teeth. We will be looking into the right types and amounts of nutrition, also describing the simple functions of the basic parts of the digestive system.
We will also be studying electricity.

English

We will be studying the book *Varjak Paw* by S.F. Said
-
Through this text, we will be working on reading comprehension skills, persuasive writing, poetry, narrative writing and presenting information.

Religious Education

We will be considering what the Trinity is, it's various representations and how it has an impact on the lives of Christians.
We will also think about the question 'What kind of world did Jesus want?' through looking at some of the Gospel stories.

Year 4

French

We will be learning French vocabulary surrounding the topics, 'All Around Town' and 'On The Move'.

Computing

We will be learning about working in teams and sharing documents, powerpoint presentations and spreadsheets.

History

We will be learning about life in Ancient Egypt and how it was different to our lives today. We will be learning many key facts about the Ancient Egyptians including Pharaohs, the process of mummification and much more.

Autumn Term

Walk Like an Egyptian

Art and Technology

We will be doing various activities linked to our topic. These will include:
- clay canopic jars
- hieroglyphic book marks

RHE

We will think about how to have Happy and Healthy and consider Our Similarities and Differences, celebrating our strengths, setting goals and keeping ourselves safe online.

P.E.

We will be learning skills in Tag Rugby Basketball and Gymnastics.
